## Be informed.

*Keep up with  
changing times.*

## You are invited to the 2019 KRLA State Conference!

*Did you know that the Living Will was popularized by the Euthanasia Society?... How do you define Dignity in Dying? ...What is the AMA position on this practice? What about the American Nurses Association?*

*How many states now permit Physician-assisted Death? ...What is the agenda of the Final Exit Network? What is the international trend in euthanasia?*

The 2019 keynote topic is Patients' Rights in light of current practices that may deny basic treatments for any who have not prepared air-tight advance directives.

Come learn how to protect your loved ones and your own life in the event of unexpected hospitalizations that trend toward painful decision making.

And we will hear from Indiana's Right to Life CEO. Many pro-lifers do not realize that Planned Parenthood of Ky.-Ind. (PPINK) has joined forces with PP's wealthy Great Northwest / Hawaii affiliate to provide PPINK with resources to win all legal battles currently being fought to end abortion in our states.

Even more! See other side!

Decide now to be part of this important conference! *Seating is limited.* Enjoy fellowship with pro-lifers and get prepared to answer questions when difficult topics arises.
