We are pleased to inform you that the Kentucky Right to Life Association Political Action Committee has ENDORSED your candidacy for Metro District 18 in the November 3rd General Election. Your pro-life responses to our questionnaire, in addition to feedback from members familiar with your candidacy, indicate a sensitivity to, and an awareness of, pro-life issues, which we find very admirable.

We wish you victory in the upcoming election. We will encourage our members and friends to cast their pro-life votes for you!

Sincerely,
