Louisville's Metro Hall where the statue of Thomas Jefferson stands, is the perfect place for a Right to Life Rally. The words of the Declaration of Independence, written by Jefferson (edited by other men), are engraved and gilded on the statue pedestal:

*We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.*

*Come peacefully protest abortion in our city! Exercise your First Amendment Right.*

*RTL staff members will be introduced— some you may have never met! Join us for a Resounding Rally! **Be a voice for the voiceless – cheering for Life!***

This is an outdoor rally. Please follow COVID19 safety rules.
